Basic Information

- Place of Origin: Foshan, China
- Brand Name: Realsun Deco
- Minimum Order Quantity: 3000m/model
- Price: Negotiable
- Packaging Details: Pack in roll
- Delivery Time: 15-20 days
- Payment Terms: T/T 30% down payment, 70% balance before shipment
- Supply Ability: 500000m/month

Product Specification

- Width: 1260mm, 1400mm
- Length: 100-400m/roll
- Service: OEM, ODM
- Surface: Glossy/ Matte/ Embossed/ Texture/ Soft Touch
- MOQ: 3000m/model
- Application: Furniture/ Cabinet/ Wall/ Ceiling/ Door
- Color: Marble, Brick, Wood Grain And So On
- Product Name: Marble PVC Film
- Highlight: **Glossy Marble Pvc Film,
Wall Coverings Marble Pvc Film,
Glamorous Furniture Marble Pvc Film**

Product Description

Product Description:

Detail Description

Marble PVC film is a type of PVC decorative film that features a smooth, mirror-like shiny surface finish. This glossy appearance is achieved through specialized manufacturing processes and surface treatments.

Composition

Like other PVC decorative films, high gloss PVC film is primarily composed of polyvinyl chloride (PVC) plastic. It may also contain additives such as plasticizers, stabilizers, and pigments to enhance its properties.

Applications

Marble PVC film is commonly used for:

Furniture veneers and surface overlays

Cabinet and appliance door coverings

Wall coverings and decorative panels

Automotive and marine interior trims

Features and Benefits

Extremely smooth, reflective high-gloss finish

Durable and scratch-resistant surface

Available in a variety of solid colors and patterns

Easy to clean and maintain

Can be thermoformed or vacuum formed for curved surfaces

Considerations

Requires careful surface preparation for optimal adhesion

May be more susceptible to showing fingerprints and smudges compared to matte or satin finishes

Some high gloss PVC films may contain higher levels of volatile organic compounds (VOCs)

Overall, the high gloss surface of this PVC decorative film provides a sleek, modern, and reflective aesthetic, making it a popular choice for various interior design and surface finishing applications.

Applications:

Typical Thickness Ranges for High Gloss PVC Decorative Film

The high gloss PVC decorative film typically ranges from 0.1 mm to 0.2 mm in thickness. This thinner range is suitable for applications where a lightweight and flexible material is required, such as for furniture veneers, cabinet door overlays, or automotive trim.

On the other hand, the slightly thicker range of 0.3 mm to 0.5 mm provides more durability and rigidity, making it suitable for uses like wall coverings, decorative panels, or surfaces that require higher scratch resistance.

The desired thickness selection within these ranges depends on the intended application and the desired balance between flexibility, strength, and ease of installation.

Thinner high gloss PVC films (0.1 - 0.2 mm) are generally more pliable and can conform to curved surfaces more easily. They may be preferred for applications where the film needs to be wrapped or thermoformed around edges and corners.

Thicker high gloss PVC films (0.3 - 0.5 mm) offer greater protection and stability, making them a better choice for flat, smooth surfaces that don't require extensive bending or shaping, such as cabinet doors or large wall panels.

The thickness choice is an important consideration when selecting high gloss PVC decorative film to ensure it meets the specific performance requirements of the intended application.

Customization:

Our Marble PVC film is available for OEM and ODM services. We offer a minimum order quantity of 3000m/model with negotiable prices. The product is packed in a roll with foam sheet, kraft paper, and plastic sheet for safe transportation. Our supply ability is 500000m/month, and the delivery time for each order is 15-20 days.

For payment, we require a T/T 30% down payment, and 70% balance before shipment. We guarantee customer satisfaction with our high-quality product and exceptional service.

Choose Realsun Deco for your PVC film needs, and get the best quality product customized to your requirements. Contact us now to get PVC film for ceiling and other applications.

Support and Services:

Our Marble PVC Film product comes with comprehensive technical support and services to ensure that our customers have a seamless experience with our product. Our team of experts is available to answer any questions you may have about the product, installation process, and maintenance requirements. We also offer product training to help you get the most out of your purchase. Additionally, we provide after-sales services such as warranty support and repair services to ensure that our customers are satisfied with their purchase. Contact us for more information on our technical support and services.
